Experience calculation: employer by employer

Phase 8, 8 Nov 2026. Workbook: Experience_Calculation.xlsx (this folder). Replaces Employment_Evidence_Collection_Form_v2.xlsx

1. Result today

Your experience is not yet documented. No HR letter has arrived, so every documented total is **0**. “Not yet proven” is not a judgement that you lack the experience. It means the proof is missing.

Test	Rule (source, date read)	Documented today	Result today	Other condition
Swedish Institute	≥ **3,000 h before 8 Feb 2027**, from **≤ 3 employers**. Full-time, part-time, freelance and entrepreneurship count; **internships do not** (E1, si.se, 8 Nov 2026)	0 h	**NOT YET PROVEN**	Leadership experience also required (no minimum hours)
Chevening (next cycle, 2028/29)	≥ **2,800 h after the bachelor’s**, gained over at least two years. Full-time, part-time, voluntary work and paid or unpaid internships count; up to 15 periods (E1, chevening.org, 8 Nov 2026)	0 h	**NOT YET PROVEN**	Degree finished ≥ 2 years before the deadline: **met** (July 2022, 62 months before Oct 2027)
DAAD EPOS	≥ **2 years of related professional experience**, normally after the bachelor’s (E2/E3: daad.de blocks automated access)	0 months	**NOT YET PROVEN**	Degree ≤ 6 years old (E2/E3): **5.1 years in Aug 2027.** Upper third: **not proven** (see the EPOS note)

EPOS timing (new finding): your degree turns six years old on **14 Jul 2028**. If the six-year rule is measured at the application deadline, EPOS is realistic only in the **Aug–Oct 2027** window (2028 entry). Later windows would be closed to you. Confirm how the course applies the rule.

2. Employer by employer

The user-facing columns of the workbook’s “Results” sheet, filled with what is documented today.

Employer	Title(s)	Start	End	Hours/week	Documented hours	Before / after graduation	Leadership	Evidence	Next step
SantimPay Financial Solution S.C.	⏳ HR letter (your CVs give four title/date versions: DR-06)	⏳	⏳	⏳	0	–	⏳ Your examples	Company: E0. Role details: E5 until the letter	Hand in `SantimPay_Experience_Letter_Request`
Kifiya Financial Technology PLC	⏳ HR letter (three date versions, all overlapping SantimPay: DR-07)	⏳	⏳	⏳	0	–	⏳	Company: E0. Role details: E5	Hand in `Kifiya_Experience_Letter_Request`
Infonans Solutions PLC	⏳ (optional)	⏳	⏳	⏳	0	–	–	E5 (two date versions: DR-10)	Only if needed
Gebeya Inc. (freelance)	⏳ (optional)	⏳	⏳	⏳	0	–	–	E5	Contracts or invoices, only if needed
Dereja (co-trainer)	⏳ (optional)	⏳	⏳	⏳	0	–	Possible (training others)	E4	Check whether it was employment or a programme
GAO Tek Inc. (unpaid internship)	Unpaid intern	15 Mar 2023 (acceptance terms)	⏳	45 (terms)	0	–	–	E0 terms only; completion not documented	**Not for SI.** Counts for Chevening only with a completion letter
Plan International Ethiopia	Excluded				–			E5 (DR-08: same text as the SantimPay role)	None
Yandex	Excluded				–			E5 (DR-09: no evidence)	None

⏳ = waiting for the HR letter. Never fill these cells from a CV.

3. What your statement would give (illustration, not evidence)

Your statement: “3 years and 6 months of professional experience” = **42 months** (E4).

Assumptions:

- 40 h/week and 48 weeks worked per year
- all 42 months fall after graduation (true only if you started after 14 Jul 2022)
- all 42 months are IT-related

Test	Main case (40 h × 48 wk)	Low case (35 h × 44 wk)	Requirement	Would it be met?
SI hours	**6,720**	5,390	3,000	Yes, about 2.2 times the minimum (low case 1.8 times)
Chevening hours after graduation	**6,720**	5,390	2,800	Yes
EPOS related months after graduation	**42**	42	24	Yes

What the HR letters must show at minimum (break-even at 40 h × 48 weeks):

- **SI:** 18.8 documented full-time months before 8 Feb 2027, from no more than three employers. Over 42 months, an average of 17.9 h/week would be enough.
- **Chevening:** 17.5 documented full-time months after 14 Jul 2022.
- **EPOS:** 24 related months after 14 Jul 2022.

Conclusion: if the letters confirm roughly what you state, all three experience tests pass with a wide margin. The risk is **proof, not quantity**: exact titles, dates, weekly hours, leave, and the SantimPay/Kifiya overlap (DR-06, DR-07).

4. How the calculation works

- **One row per job title and period**, copied from the HR letter. A row counts only if:
  - the evidence is **E0 or E1**, and
  - start, end, hours/week and weeks/year are all filled in.

  Your confirmation (E4) and CV text (E5) never count.
- **SI’s formula** is hours/week × weeks/year × years (E1). The workbook applies the same weekly rate to the days in each calendar month: hours/week × (weeks worked ÷ 52) × days ÷ 7.
- **Each month counted once:** in a month with two jobs, only the job with more hours counts. SI does not say whether jobs held at the same time may be added. Chevening’s portal adds entries. The “added” figure is shown beside the safe figure, and decisions use the safe one.
- **Windows:**
  - SI: everything before 8 Feb 2027.
  - Chevening: after 14 Jul 2022, up to the 2028/29 deadline (assumed 6 Oct 2027; replace it when announced).
  - EPOS: after 14 Jul 2022, up to your course’s deadline (assumed 31 Aug 2027).
- **Types:**

    - Internships and voluntary work are excluded for SI (E1).
    - Chevening counts every type (E1).
    - EPOS excludes internships and voluntary work, and needs “related = Y”. This is an assumption, because EPOS asks for professional experience.
- **Current job:** enter the HR letter’s date as the end date. When SI’s own form is signed in February 2027, update the end date to the form’s date.

5. What each HR letter must state (already in the request letters)

The requests in this folder already ask for all of these:

1. Every job title, with the start and end date of each title.
2. The employment type and regular hours per week.
3. Annual leave or weeks worked per year, plus any unpaid leave.
4. Main duties (shows whether the work is IT-related, for EPOS).
5. Leadership or coordination: people coordinated, tasks allocated, decisions (for SI).
6. Letterhead, the signatory’s name and title, signature, company stamp, and an official contact.

6. Your steps

1. **Hand in** both HR requests (SantimPay, Kifiya).
2. When a letter arrives, enter it on **“Employment periods”**:
    - one row per title
    - evidence level **E0**
    - dates, hours and weeks exactly as written
3. Read **“Results”**:
    - **MEETS (documented)** in green = proven
    - **CHECK** = a rule question to ask the funder
    - **NOT YET PROVEN** = more evidence needed
4. Record one or two real leadership examples on **“Leadership evidence”** (SI requires leadership).
5. Make sure your CV, SI forms and Chevening entries use **the same dates and titles** as the letters.
