International CV: MASTER v0.9 (DRAFT, NOT FOR SUBMISSION)

> **Status:** sections marked ✅ use verified facts only. Every [⏳ …] field is blocked until the HR letters arrive (Discrepancy Report DR-06, DR-07, DR-11, DR-13). I will produce v1.0 (final) and the six tailored versions **only after** those are resolved.
>
> **Contact fields:** kept as placeholders here. Fill them in only in your private copy.

[PASSPORT NAME: ⏳ DR-05] Addis Ababa, Ethiopia · [EMAIL] · [PHONE] · [LinkedIn URL] · [GitHub URL]

Profile

Computer Science graduate working in Ethiopia's fintech sector since [⏳ 2022], running the infrastructure behind digital-payment services: Linux systems, CI/CD pipelines, configuration automation, container platforms and service monitoring. Seeking a master's degree in [cloud and distributed systems / cybersecurity / software engineering] to design secure, reliable payment infrastructure for African markets.

(About 55 words. Contains no claim beyond verified facts and confirmed tools.)

Education ✅

BSc Computer Science, Debre Tabor University, Faculty of Technology, Ethiopia. Extension programme, academic years 2017/18 – 2021/22. Awarded 14 July 2022.

- CGPA **2.62 / 4.00**. **Final-year GPA 3.20** (semester averages 3.05 and 3.35), calculated from the official transcript.
- Selected courses:
  - Compiler Design (A−)
  - Complexity Theory (A−)
  - Advanced Programming (A−)
  - Computer Security (B)
  - Introduction to Distributed Systems (B−)
  - Network & System Administration (B−)
  - Introduction to AI (B)
- Final-year project (A−, two parts): [⏳ project title and one-line description]
- Medium of instruction: English

Professional experience [⏳ BLOCKED: complete from HR letters]

SantimPay Financial Solution S.C., Addis Ababa: digital payments (POS, QR, payment gateway).

- [⏳ Title 1], [⏳ mm/yyyy] – [⏳ mm/yyyy]

- [⏳ Title 2], [⏳ mm/yyyy] – [⏳ mm/yyyy]
- [⏳ Title 3], [⏳ mm/yyyy] – present

Bullet points to be finalised from the Evidence Worksheet. Only items you confirm, each with a measurable result where you have real numbers:

- Operate Linux-based production infrastructure for payment services [⏳ scope: servers, environments]
- Build and maintain CI/CD pipelines with [⏳ Jenkins / GitHub Actions: state periods] [⏳ result]
- Automate server configuration with Ansible [⏳ what was automated / result]
- Monitor service health with [⏳ Prometheus / Grafana / Splunk] [⏳ dashboards and alerts you created]
- Diagnose and resolve infrastructure incidents [⏳ one concrete example]
- [⏳ POS rollout / merchant onboarding role: only if confirmed, with scale]

Kifiya Financial Technology PLC, Addis Ababa. [⏳ Title], [⏳ dates], [⏳ full-time / part-time / contract]

- [⏳ security tooling you personally configured: IAM/MFA, WAF/WAAP, PAM/DAM]
- [⏳ client IT systems supported; projects taken to go-live]

(Plan International and Yandex: excluded. Infonans, Gebeya and GAO Tek: only if confirmed with evidence.)

Technical skills [⏳ keep only interview-defensible items]

Area	Skills
Systems	Linux administration, Bash, Python scripting, VMware ESXi [⏳ / Proxmox]
Automation & delivery	Ansible, [⏳ Jenkins / GitHub Actions / Azure DevOps], Git, Docker, Kubernetes operations
Observability	[⏳ Prometheus, Grafana, Splunk, ELK]
Security	IAM/MFA, WAF/WAAP, PAM/DAM, firewall rules (iptables / UFW)
Cloud	Microsoft Azure (fundamentals), [⏳ AWS]

Certifications and training

- Microsoft Azure Fundamentals (2021) [⏳ verification link]
- Certified Kubernetes Administrator, Linux Foundation (Jul 2022 – Jul 2025, expired) [⏳ ID, or remove]
- Fortinet NSE 1–3 (2023; expired 2025)
- Training: Azure cloud course (Udemy, 2023); Introduction to Python (Global AI Hub); McKinsey Forward Program [⏳ year]

Languages

- Amharic (native)
- English: [⏳ test and score]. Bachelor's degree taught in English.

Community and training activities [⏳ confirm]

- Co-Trainer, Dereja (2022): supported trainees on the learning management system and prepared weekly progress reports [⏳ number of trainees, dates]

Variant matrix: how the six versions will differ (same facts in all)

Version	Length / format	Emphasis	Notes
International academic CV	2 pages	Education first; final project; relevant courses; technical skills	For Erasmus Mundus, Hungary, CSC, Manitoba
Professional technology CV	2 pages	Experience first; tools; incidents and automation results	For employer-style reviewers
Scholarship-focused CV	2 pages	Leadership, training others, impact on payments access	For Mastercard Foundation and Chevening 2028
CMU-Africa CV	1–2 pages	Applied IT in African fintech; leadership; giving back	Uploaded with the application
Erasmus Mundus CV	Europass accepted by many consortia (check each call)	Academic and technical	CYBERSURE / SE4GD
Sweden SI CV	**SI 2027/28 template only (≤ 3 pages)**; Europass is disqualified	Work hours, leadership, development impact	Template published 13 Nov 2026

Fixed corrections already applied

- EQF level 5 → 6 (or removed)
- Template text "Write here the descriptio" removed
- Study dates set to the transcript dates
- Udemy and LinkedIn courses moved from "Certifications" to "Training"

- Personal data (date of birth, gender, multiple phone numbers) removed for UK, US and Canadian style CVs
